741 Sul Ross State University Rio Grande College

For over 40 years, Sul Ross State University has worked to provide the Middle Rio Grande Border Region with access to undergraduate and graduate education at our Rio Grande College (SRSU-RGC) campuses. SRSU-RGC serves the Middle Rio Grande Region with campuses in Del Rio, Eagle Pass and Uvalde. priority is to provide an affordable, high quality education to the citizens of the rural and underserved border regions of Texas.

Sul Ross State has been proudly designated as a Hispanic Serving Institution since 1999 and has been ranked as one of the top 100 institutions for Hispanic students by Hispanic Outlook magazine. This year, the Center for Big Bend Studies, one of the leading archaeological research facilities in Texas, added a master's degree in Anthropology, and in Winter 2023, the university hosted the first-ever "Water in the Desert" conference, leading to the creation of a new water research center that will impact policy across the state. We hosted a rural healthcare camp, the first of its kind to teach high school students about the healthcare industry in rural Texas and the teacher preparation program has been recognized by the National Council on Teacher Quality (NCTQ) as among the best in the nation in preparing future elementary reading teachers.

SRSU has found a niche as a provider of higher education opportunities for the underserved populations in the Middle Rio Grande border region, serving at-risk students in a high engagement, low stress, intimate campus setting. High demand programs include Criminal Justice, Education, Agricultural and Natural Resource Sciences, Nursing and Business Administration

SRSU expects a significant increase in enrollment this fall, roughly 25 percent, mostly due to the addition of several dual credit high school students, and new scholarship programs and targeted growth in the rodeo program and in athletics.

- o 30 Undergraduate, 25 graduate
- o Agriculture, Life and Physical Sciences / Education / Literature, Arts and Social Sciences / Business

Grants to expand student access and success

- o Promoting Post-baccalaureate Opportunities / Advancing Graduate Programs en la Frontera
- o Lobo Track for STEM students

SRSU's La Frontera Research Institute (LFRI) for STEM was awarded a grant for nearly \$150,000 from the National Science Foundation to support education students in rural border communities. The project aims to serve the national need to build a greater understanding of what it means to be an effective STEM teacher leader serving rural, high-need schools on the Texas/Mexico border. The grant will help establish partnerships with Midland College and public schools in Eagle Pass, Del Rio, Uvalde, Presidio, Marfa and Alpine.

SRSU-RGC collaborates with Southwest Texas Junior College to provide guided pathways that facilitate transfer and completion of undergraduate degrees in a variety of different occupational fields. SRSU-RGC is a major partner to regional school districts not only by training new teachers but by providing professional development and graduate education opportunities for existing teachers. The Middle Rio Grande Region is a dynamic part of the state, experiencing significant growth.

An adequate level of state investment is essential to providing a high-quality educational opportunity while maintaining affordability. The meaningful increase in funding provided by the 88th Legislature was a significant benefit to the students we serve. Future support is key in maintaining quality, while balancing affordability. Lastly, we encourage the Legislature to support the THECB's Higher Education Fund (HEF) recommendation, which is critical for addressing deferred maintenance, library operations and Information Technology needs. Below is one University specific exceptional item request. Additionally, the University did include one Capital Construction Assistance Program (CCAP) projects as we look at future facilities needs.

EXCEPTIONAL ITEM REQUEST

Academic Program Development

Cost: \$10 million

Texas Higher Education Coordinating Board's strategic plan, Talent Strong Texas, challenges all state institutions of higher education to provide ever greater opportunities, career pathways and increased access to degree completion. SRSU in Alpine, Eagle Pass, Del Rio and Uvalde is proud to be a contributing partner in this collaborative effort and to provide additional capacity through the development of high demand program areas that will prepare the Texas workforce for the 21st century.

SRSU identified ongoing and increasing demand in business, cybersecurity/IT and healthcare as areas of opportunity for SRSU. Populations in the geographic areas we serve are expected to continue experiencing growth, and occupational trends indicate specific demand for nursing, healthcare administration, accounting, finance, cybersecurity/information assurance and education. SRSU has established programs in education and a relatively new, albeit small, nursing program. This funding will allow for the incremental development of robust capacity in the remaining occupational areas identified in the study.

The Infrastructure Support formula distributes funding associated with plant - related formulas and utilities. This formula is driven by the predicted square feet for universities' educational and general activities produced by the Coordinating Board Space Projection Model . The portion of the formula related to utilities is adjusted to reflect differences in unit costs for purchased utilities, including electricity, natural gas, water and wastewater, and thermal energy .

This is a non-formula strategy created by legislative initiative that provides funding for the lease of facilities to be used for offices and classrooms. Because Sul Ross State University - Rio Grande College leases all its space at three sites in Uvalde, Eagle Pass and Del Rio with turn-key agreements, its capital assets are small in comparison with other agencies. Leasing needed space is the most economical option for the RGC to deliver high quality instruction at all of its sites.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

Sul Ross State University - Rio Grande College leases space from the Southwest Texas Junior College (SWTJC). SWTJC has constructed new facilities in each location for the exclusive use of the Rio Grande College. These facilities greatly enhance the University's ability to provide service to its increasing student population and its needs. The university has utilized Institutional Enhancement and E&G Infrastructure support funds to meet the funding shortfalls. However appropriation reductions, increases in enrollment and the related need for new or enhanced programs necessitate the use of the Institutional Enhancement funding in those program areas. Further appropriation reductions may require the reduction of space which would significantly affect our ability to provide services.

This is a formula generated strategy that provides funding for plant - related operations, infrastructure support, and utility costs of educational and general activities . The strategy is intended to recognize the base infrastructure needs of small institutions .

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

(1) - Formula funded strategies are not requested in 2026-27 because amounts are not determined by institutions.

Increasing student expectations and needs require the utilization and maintenance of quality facilities and infrastructure . This funding is critical to small institutions and particularly to SRSU – Rio Grande College . SRSU-RGC owns no facilities. Instead all space is leased from the Southwest Texas Junior College. These leases include all costs of operation. The funds generated by the infrastructure support formula do not provide sufficient funding to cover all of these costs . The costs related to providing these facilities is a critical burden on the operating budget of SRSU-Alpine. This strategy helps supplement the funding generated by the infrastructure support formula .

This is a non-formula strategy that provides funding for the operations of the Small Business Development Center at Sul Ross State University - Rio Grande College. The mission of the Center is to improve economic conditions in the region by helping establish new businesses and improve existing ones, in partnership with the Middle Rio Grande Development Council. This region is sparsely populated and includes people with some of the lowest per capita incomes in the state. In cooperation with the UT San Antonio Small Business Development Center and the Middle Rio Grande Development Council, Rio Grande College operates a Small Business Development Center in Eagle Pass, Del Rio, Uvalde, and Carrizo Springs with on site personnel to assist existing businesses, develop proposals for new business start ups, provide training for business operators, and assist individuals in preparing for new business loans. These services are available to the entire Middle Rio Grande region.

This is a special item appropriation created by the 76th Legislature. This item provided new funding of \$1 million to each Higher Education Institution for each year of the 2000 - 2001 biennium. An additional \$1 million was provided for the 2002 - 2003 biennium. This funding also replaced some previous special items and continues to be a major source of funding for SRSU-RGC.

B. Assessment of Attainment of HUB Procurement Goals

Attainment:

The agency attained or exceeded one of five, or 20%, of the applicable statewide HUB procurement goals in FY 2022.

The agency attained or exceeded zero of five, or 0%, of the applicable statewide HUB procurement goals in FY 2023

The HUB vendors in these locations do not offer products and/or services in the primary Procurement Categories used by the University.
